

Team Playbook - Workflow

Workers are assigned Tasks within Campaigns.

Each Task moves through a status lifecycle: PENDING, IN_PROGRESS, DONE.

Campaigns group related Tasks under a shared deadline and budget.

Once a Worker finishes a Task, they can pick up the next pending one in the same Campaign.

Team Playbook - Policies

Campaign budgets above ten thousand euros require approval from the Finance team.

All Tasks must be reviewed by a teammate before being marked DONE.

Workers escalate blocked Tasks to the Campaign owner within one business day.
